SEMINARS AND TRAININGS

TRAININGS:

Google IT Support:
-Feb 1, 2022
-As I earned the Google IT Support Professional Certificate, I have completed five-courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare myself for entry-level roles in IT support. They are competent in foundational skills, including troubleshooting and customer service, networking, operating systems, system administration, and security.

5 courses completed:

- Technical Support Fundamentals
- The Bits and Bytes of Computer Networking
- Operating Systems and You: Becoming a Power User
- System Administration and IT Infrastructure Services
- IT Security: Defense against the digital dark arts
